Preparing to Survive in the Age of Collapse: Political, Military, Foreign Policy, and Preparedness Reforms Vital for Our Survival

Figure 1 We have entered "The Age of Collapse" 2

Figure 2 The Risk of collapse is rising rapidly, driven by six bad trends 3

Figure 3 Destructive Power of Individual growing Exponentially 4

Figure 4 Relative Vulnerability to Disruptions 5

Figure 5 Destructive Power Individual Up + Economic Fragility Up + Individual Resilience Down = Extreme Vulnerability to Collapse 10

Figure 6 Grid Down Power Up professional documentary explains grid vulnerabilities 13

Figure 7 Existing, Bioengineered Viruses could cause disastrous pandemic 17

Figure 8 Example of how a Small Terrorist Group could Infect 5 million people 19

Figure 9 Collapse Survivor App scenario on AI used to develop easy way to enrich uranium for terrorist nuclear weapons 23

Figure 10 Disasters, Attacks, Events that could yield a Collapse 26

Figure 11 "Gray Goo" nanotechnology disaster 28

Figure 12 New technology to enrich uranium for nuclear weapons 29

Figure 13 As gang members and criminals know: with any domestic unrest or disaster, police will be overwhelmed 31

Figure 14 Probability of Collapse Model estimates likelihood of a Collapse 35

Figure 15 Experts estimate 25%+ likelihood of human extinction this century 38

Figure 16 UK violence in 2011 showed a Collapse can happen without a trigger event 48

Figure 17 Collapse Survivor App training exercises provide "experience" in surviving a collapse 55

Figure 18 Why the Government does not Warn or Prepare Citizens for a Collapse 58

Figure 19 Congress ignored their own EMP Commission study warning that 90% of Americans could die when our electric grid is destroyed 61

Figure 20 The Perverted Triangle of career politicians, government bureaucrats and lawyers has corrupted and ruined American Government 66

Figure 21 Allison's Models and the Perverted Triangle explanation of corrupt government decision-making 70

Figure 22 The Hierarchy and Primacy of Natural Rights and Laws 72

Figure 23 The U.S. has the highest per capita rate of incarceration in the world 73

Figure 24 True Government debt is $157 trillion, not the admitted $36 trillion 74

Figure 25 Institute for Defense Analyses study of Bioengineered Viral Pandemics and Collapse 79

Figure 26 U.S. funded Gain of Function research developed mammal-to-mammal transmissible version of H5N1 "Bird Flu"—with report published on how to do it 80

Figure 27 U.S. "Continuity of Government" plans will save top Government Officials while citizens die in a Collapse 93

Figure 28 Federal Firefighter Unions campaigning for higher pay 102

Figure 29 U.S. homicide deaths 109

Figure 30 U.S. War on Drugs fails to stop drugs but does achieve highest per capita incarceration rate in world 117

Figure 31 Deriving Primary Collapse Survival Requirements from All Threats 126

Figure 32 11 Collapse Survival Requirements 126

Figure 33 Key Public Policy Changes needed for Collapse Survival 129

Figure 34 11 Primary Collapse Survival Requirements 142

Figure 35 Farming, Ranching, Foraging, Hunting, Stockpiling Collapse Survival Food 146

Figure 36 Survival Communities the most Affordable and Effective way to Survive a Collapse 153

Figure 37 Comparison of Survival Options based on 11 key Survival Requirements 155

Figure 38 Standard Business Risk Management prioritization of risks is fatally wrong 162

Figure 39 Smart People Recommending Preparing your Organization for Black Swan Disasters and Survival 163

Figure 40 New Homeland Defense Organization proposal 169

Figure 41 Types of Nuclear Weapons 178

Figure 42 Simple, Low Cost, Underground Nuclear Defense Shelter for troops 179

Figure 43 China holds most of the world's grain reserves, the U.S. very little 195

Figure 44 Collapse Survivor App simulation of U.S.-China "Nuclear Chicken" battle over Taiwan 197

Figure 45 "Domestic Survival Capability" not Gross Domestic Product is critical for Collapse Survival 200

Figure 46 The U.S. Economy is largely worthless for Collapse Survival 201

Figure 47 China's Economy is much better for Collapse Survival 202

Figure 48 Comparison of China-U.S. Capability to Wage War over Taiwan and Survive a Collapse 205

Figure 49 Tool AI Control Measures Needed 217

Figure 50 Conducting an Underground Nuclear Test Detonation as a Flexible Deterrence Option 228

Figure 51 Most Counties across U.S. refuse to enforce unconstitutional gun control laws 232

Figure 52 Data on U.S. Political Divisions, Early Stages and Predictions of Civil War 232

Figure 53 Intelligence Agency Political Instability Models 234

Figure 54 Americans regard U.S. politics as a divisive, corrupt, chaotic, bad, polarized mess 235

Figure 55 Trust in U.S. Government has collapsed 237

Figure 56 Collapse Survivor App U.S. Civil War scenario, collapse survival simulation shows how rural, conservative citizens in states controlled by urban, liberal Democratic voters may rebel 239

Figure 57 Traitor, Convict, given taxpayer-funded Sex Change operation 243

Figure 58 Democratic Congressman's taxpayer-funded website bragging about ban he got added to an appropriations bill to prevent low-yield nuclear weapons 258

Figure 59 Irresponsible Government Policies that must change to avoid millions of deaths In a collapse 272-274

Figure 60 Eras of Human History 278

Figure 61 Lack of limits to government power 299

Figure 62 "Miller's Maxim" Demanding Death Estimate for all Government Programs 300-301

Figure 63 The Preppers Were Right 309

Figure 64 End of Earth asteroid strike poll question: what would you do if a week left to live? 320
